## The Revolution Ended.

Peace Once More Reigns Supreme at Buenos Ayres.

### THE GOVERNMENT VICTORIOUS.

Argentine Republic Rebels Suppressed and Their Arms Returned to the Arsenal—No Further Trouble Feared. One Hundred and Twenty Miners Killed by An Explosion—Other Foreign News.

LONDON, July 30.—It is officially announced that the British foreign office has received telegraphic advices from Buenos Ayres that the revolution has ended in the triumph of the government.

The Argentine legation here received last night the following telegram from Buenos Ayres, signed by Minister of Finance Garcia:

"The government is completely victorious. The mutineers have capitulated and deposited their arms in the arsenal. All rebellious superior officers will be dismissed. The troops are returning to their quarters under the command of loyal officers. The minor officers participating in the revolt will be transferred to positions of less influence. The forces mobilized by the government are returning to the provinces. The political situation is thoroughly consolidated. The capital and the whole country are tranquil."

The terms for a settlement of the troubles between the revolutionists and government, according to a dispatch published in The Times from Buenos Ayres, are: That the civilians who have taken part in the insurrection will not be punished. All captains of the revolutionary forces and all officers above the grade of captain will be deprived of their rank. The artillery of the insurrectionists will be surrendered to-morrow.

The situation, as above depicted, is based upon the statement of President Celman. Other dispatches received from Buenos Ayres say the situation is unchanged, and the prospects for a compromise are not encouraging. The consensus of opinion, according to these dispatches, is that the matter must be fought out.

The Temps publishes a dispatch from Buenos Ayres stating that the government and the leaders of the revolutionary movement have reached a settlement. President Celman, the dispatch says, has resigned, and has been succeeded by Vice President Pelligrini as president. Quiet has been restored.

The Times special from Buenos Ayres says: At 8 a. m. the pickets of the Union Civica were being extended. The Provisional President Alem, stated that negotiations were in progress, and he expected them to be successful.

At 9 a. m. both sides received reinforcements. The government armed a number of guacho and cut-throats.

At noon the squadron began firing on the government house and firing was renewed in various parts of the city. President Celman and his adherents were obliged to abandon the government house. They took up their quarters in the street. The squadron had improved its aim so that every shot but one struck the government house. Alem and Lopez claimed after the bombardment ceased that they had ordered the fire discontinued. It is believed, however, that the ammunition gave out and that this led to the final capitulation of the Union Civica, whose chief reliance had come to be in the navy. The ammunition in the hands of the insurgent land forces was also insufficient.

In the house of commons yesterday evening Sir James Fergusson, under foreign secretary, stated that the British minister at Buenos Ayres had cabled the home government that President Celman had left the capital and that negotiations with the insurgents were proceeding.

### Harsh Treatment of Jews.

VIENNA, July 30.—The treatment of the Jews in Russia is daily becoming harsher. The prefects of Odessa and Mohileff have given official notice that all Jews guilty of arrogant and insolent behavior will be refused trial before the justices, and will have their punishment dictated by the prefects. Several prominent Jews at Mohileff have been publicly chastised as an outcome of this order. A Jewish boy at Bialostock has had the word "thief" in three languages branded on his face with caustic by order of the prefect.

### Martial Law in Constantinople.

CONSTANTINOPLE, July 30.—The Kroom Capo quarter of this city, in which martial law has been proclaimed by the Turkish authorities, is that part of Constantinople in which is situated the Armenian cathedral, the scene of the attack Sunday of the mob on the Armenian patriarch on account of his alleged weak attitude toward the porte regarding the outrages perpetrated by the Turks in Armenia.

### Montenegro's Demands.

LONDON, July 30.—The Prince of Montenegro has made a formal demand upon the porte for indemnity for the outrages committed by Albanians, and threatens that the Montenegrins will cross the frontier in force unless prompt satisfaction is given by the Turks. The demand is significant, for the reason that Montenegro is so closely associated with Russia.

### A Maniac Murderer Captured.

MIDDLEPORT, N. Y., July 30.—David Yago, the escaped maniac who last Saturday murdered Postmaster Schultz, at Wolcottville, and who has been hunted ever since, was captured this morning by Chief of Police Fuller a short distance west of here. He will be taken to Lockport this afternoon.

### TRAIN ROBBERS.

Two Passenger Cars Robbed but Only Seventeen Dollars Secured.

OMAHA, Neb., July 30.—Passengers on the Black Hills express on the Elkhorn road, which left Omaha yesterday morning, encountered a brace of train robbers at 8:30 o'clock at Arabia, a water tank and side track between Long Pine and Valentine. Two men boarded the train at that place and went into the two day coaches, where they began to hold up passengers. The passengers evidently concluded that the robbers were green hands at the business and treated their call as a diversion.

Out of the two cars the robbers got only \$17. They did not enter the Wagner sleeper. They had a fight with the rear brakeman, shot at him but missed him. The sheriff of Cherry county has gone after the train robbers with a posse of men. The robbers rode only a mile on the train and jumped off as it was moving. They did not attack the express or mail cars.

### RUN DOWN BY A TRAIN.

Three Children Instantly Killed and Two Others Injured.

PATERSON, N. J., July 30.—Three children were run over and instantly killed, and two others injured on the Erie railroad here last night. The children were returning from a blackberrying trip, and while crossing the Riverside bridge they saw a train coming from the east and crossed over on the other track, and did not notice a train coming in the other direction until it was close upon them.

Before they could get out of the way the train struck Jennie Drenser, aged 12, and Maime and Nellie Warren, aged 12 and 10 years, killing them instantly. Jennie Warren, aged 3, escaped with a scalp wound, and Willie Warren, aged 4, fell to the river below, a distance of thirty feet into the water, but was not much injured. The Riverside bridge is not a thoroughfare, and is used exclusively for the passage of trains.

### MURDEROUSLY ASSAULTED.

A Hired Man Almost Brains Two Women While in Bed.

BALTIMORE, July 30.—Mrs. Charles R. York and her mother, Mrs. McClellan, living at Bengies, twelve miles from this city, were murderously assaulted yesterday morning by James R. Meeks, who has been working for Mr. York. The women were in bed when Meeks started into their chamber and struck each in the head with an ax. Their wounds will prove fatal.

Meeks was subsequently arrested and is now locked up. He confesses the crime, but says he did not intend to commit murder. Money for labor performed was demanded of Mr. York by Meeks, and as he did not at once respond, the assault followed as a means of revenge.

### Relief for the Cyclone Sufferers.

LAWRENCE, Mass., July 30.—Battery C, which has been on duty at the ruins since Saturday, yesterday voted \$100 for the relief of the cyclone sufferers. Rev. Clark Carter, Rev. M. F. McManus and Rev. M. F. Collins have been appointed a sub-committee on distribution of the relief money and \$4,000 placed in their hands. They have established headquarters on Springfield street and are issuing orders for supplies. A committee consisting of Alderman Collins and the city assessors commenced at noon to appraise the property losses for the purposes of replacing in case of need. Much more money than has been raised is urgently needed.

### Fertilizers Fail.

PHILADELPHIA, July 30.—J. F. Tyger & Company, manufacturers of fertilizers, failed yesterday afternoon. The assets are placed at \$348,000, and the liabilities at \$317,000. The refusal of creditors to renew notes of the Peninsula Bone Fertilizing company, of Smyrna, Del., upon which the Tyger firm were heavy indorsers, caused the suspension. A meeting of the creditors was held to-day at which the Tygers submitted a proposition which was taken under consideration.

### The Old Tape Line Racket.

LAWRENCE, Mass., July 30.—A man dressed as a workman appeared at noon yesterday at the rear window of the postoffice where an addition is being built, and asked the clerk there to hold one end of a tape line while he made some measurements. The clerk complied, and while he was thus engaged, a companion of the man entered the money order office and secured \$125. Both men, who were strangers in the town, made their escape.

### Found Dead in His Room.

NEW YORK, July 30.—Hiram Frank, aged 45 years, the vice president of the Frank Glass Burner company of Detroit, was found dead in his flat here last night. The body was partly decomposed and it is supposed that death occurred Sunday and was due to an overdose of chloroform, which Mr. Frank was accustomed to take for insomnia. He was wealthy, but had lived apart from his family for some time.

### Base Ballist Released.

CHICAGO, July 30.—Archie Latham, the third baseman of the Chicago Players' club, was released last night by the management at his own request. He is now negotiating with the Cleveland Players' club, and will probably sign with them. Williamson will continue to play at third for the local club, and Bastian will play at short.

### LOSS OVER HALF A MILLION.

SAGINAW, Mich., July 30.—Five acres of lumber piles houses and offices were swept by flames in this city yesterday. It caught in the timber piles just north of the Owen Hutchinson company's mill about noon, and originated, it is believed, from a spark from the smoke stack of the mill.

### The Fire at Wallace, Washington.

SPOKANE FALLS, Wash., July 30.—The fire at Wallace on Sunday night started at 8 o'clock in the Central hotel, and in two hours everything had gone up. The supply of water in the reservoir having given out after ten minutes work by the firemen. One man, Antonio Demarcio, was burned to death. Help is pouring in from the surrounding towns. The district burned over covers eight blocks, the fire even reaching the surrounding hills and consuming a portion of the residence part of the town. MONTREAL, July 30.—Fire was discovered at an early hour this morning in one of the servant's sleeping rooms in the attic of the Balmoral hotel. The flames spread quickly to the center tower of the building and for a time it was feared the structure was doomed. The loss is estimated at \$40,000.

### A Town Wiped Out.

### SISTER CATHERINE'S WORK.

Miss Drexel, Whose Millions Cannot Draw Her From a Convict.

PITTSBURG, July 30.—Reports have been circulated during the past few days that Miss Kate Drexel, the Philadelphia heiress who entered the convent of the Sisters of Mercy in this city some time ago, had been sent to another house of the order. It was ascertained that this was based on the fact that Sister Catherine, as Miss Drexel is now known, had gone to Philadelphia three weeks ago, in company with another sister, to transact business requiring her personal attention. She returned last week.

Miss Drexel is described as being as firm as ever in her determination to become a recluse. As Sister Catherine she enjoys no special distinction among her associates on account of her wealth and prominence. During spring Sister Catherine assisted the sisters at the academy attached to the Mercy convent, and also helped the two sisters who have charge of the colored school. She will continue this work during the coming year.

### Deplorable Revelation.

NORTH ADAMS, Mass., July 30.—A family named Bingham, living over the Clarksburg line, was visited Monday by an officer of the Anti-Cruelty society. One child, 9 months old, was found dead from neglect, and another child was dying. The mother is away all day in Adams, and the father is in Vermont. There was nothing in the house to eat. The mother will probably be brought before the court.

### War Against the Saloons.

KNIGHTSTOWN, Ind., July 30.—A vigorous war against the saloons has been commenced by the temperance people of this city. Semi-weekly meetings have been held in the various churches for some time past, and great interest and enthusiasm has been manifested.

### SAVED BY THE CONDUCTOR.

A Young Man Goes Crazy on a Train and Attempts to Kill a Little Girl.

LOGANSPORT, Ind., July 30.—Frank Graham, a young man about 24 years of age, well dressed, en route from Chicago to East Verda, Pa., his home, became insane on the Chicago, St. Louis and Pittsburg passenger train due here at noon Monday. He attracted the attention of everyone by his wild and excited look, and his mutterings.

Shortly after the train left this city he attempted to kill a little girl who was sitting in front of him, and who, he said, insulted him. He was only prevented from doing her injury by the conductor, who forced him down. A police officer was telegraphed for at Marion, and he was removed to the jail, and his family notified by telegraph.

### Close of a Long Life.

WINCHESTER, Ind., July 30.—May (Martin) Reeder, the first inhabitant of Winchester, died here early Sunday morning. She was born April 16, 1797, in Hamilton county, O., married David Reeder in 1815, who died in 1821, leaving her with three children, one of whom survives her. She was a member of the Methodist church eighty-eight years, was a widow sixty-nine years and has lived on the same lot sixty-eight years, having seen every house in the place erected. The first sermon preached in the town was delivered in her log cabin. Rev. John B. Hull, of Danville, who was a minister here in 1841 and 1842, preached the funeral discourse.

Sunday Mrs. Glaser died and the police in searching her room found \$50,000 in securities, principally mortgages, drawing 8 per cent. She had also property worth \$10,000. One of the hack drivers was relieved of his watch. Four other hacks followed, one of which carried the United States mail sack, which the highwaymen let alone.

### Double Tragedy in Cleveland.

CLEVELAND, July 30.—Anton Novak, a Bohemian, 25 years of age, has for some time been jealous of his good looking wife, and a couple of weeks ago she was forced to leave him on account of his brutal treatment. The husband and wife met on Sawtelle avenue early yesterday morning, and, after a short conversation, Novak drew a revolver and shot his wife three times. For County Attorney—C. D. NEWELL.  
For Sheriff—JOHN W. ALEXANDER.

CHAIRMAN LANDRAM's letter published elsewhere gives the Republicans' scheme away. They hope a light Democratic vote and the use of boodle will pull Tinsley through next Monday. The Democrats should not be caught napping. They ought to turn out and give Longmoor and all the rest of the nominees an old-time majority.

WESTERN Republicans seem to want some of Blaine's "free trade." The Iowa, Nebraska and Minnesota contingent have endorsed his ideas. The Minnesota crowd want "such reciprocity with the Republics of Southern and Central America as will open closer commercial relations between the Northern and Southern Americas."

THE Republican State League was in session yesterday at Louisville, with Burton Vance presiding. It was given out that the principal object of their meeting was to consider the question of establishing a daily paper at that point and perfect their organization. But it's rather significant that this assembling of the Republican hosts will be followed soon by a State election. As a rule these political leagues are organized mainly for the purpose of raising boodle for corrupting the voters, and if the fact was known the meeting at Louisville was called for that purpose. It behooves all Democrats to turn out and vote next Monday.

HERE'S one of the ways "Morg," runs things up in Lewis. The Portsmouth Press, a Republican paper, says:

"Last June a proposition to tax each \$100 of property in Vanceburg 25 cents to raise an amount sufficient to give three months more schooling was submitted to the voters and carried overwhelmingly. But the plan discriminates in favor of the rich and against the poor. All of the taxpayers are not paying their proportion. They say that Morgan Thomas, whose possessions are fully twenty-five times greater than a thousand dollars, doesn't pay, because he isn't required to. He simply appeared before the trustees and stated that he had no school children and was thereby released from paying a school tax of perhaps \$700. Is there any wonder that the farmers of Lewis County are protesting against the methods of gang rule?"

MASON COUNTY Republicans should bear in mind that the August election is the skirmish before the big Congressional fight in November. Get in line and get together. Our vote must be increased.—Republican.

Democrats of Mason County, do you hear that? Read it well, and bear in mind that it is just as the Republican states—the election next Monday will be the skirmish before the Congressional battle in November. An old-time Democratic victory next Monday will enthrone the party for the contest in the fall, but a defeat will cast down and discourage "the boys in the trenches." A vote to be counted must be polled. Turn out, and help roll up a big majority for the entire ticket, from top to bottom. Commence at the head and vote it straight—for Longmoor, Young, Whitaker, Phister, Pearce, Newell, Alexander, Blatterman, Kirk, Everett and Cockrell.

AFTER speaking of the article in the North American Review on "Speaker Reed's Error," the Pittsburg Despatch (Rep.) says: "The parliamentary principles which he has asserted as Speaker are exactly those which are denied by Thos. B. Reed as a member of the House. The principles which he declared as a member he has overridden and ignored as Speaker. Mr. Reed's great characteristics as a leader is the energy with which he pursues his political purposes. But when that energy reaches the development of asserting one set of fundamental and constitutional principles, when his partisan purposes are subverted thereby, and of asserting exactly the opposite principles when party exigencies call for the somersault, it affords an almost wanton declaration of his fealty to the political school which regards principles as of the slightest value beside the attainment of partisan purposes by fair means or the contrary."

Mr. F. B. Brown has returned to his home in Louisville after a visit of several days to Mr. L. G. Strode.

## BLAINE'S BREAK.

The Plumed Knight Knocking the Props From Under the Protectionists.

Comments of the Courier-Journal on His Latest Letter Concerning "Reciprocity."

"Mr. Blaine's second letter to Mr. Frye is even more remarkable than his first," says the Courier-Journal. "No clearer exposition of the doctrine and policy of free trade, in words so terse and strong, has ever emanated from any apostle of the school of Cobden and Bright. It puts in a nut-shell the theory, and proposes in a sentence the practical application of exchange and barter which are at once the foundation-stone and bell-tower of the Gospel of the Universal Brotherhood of Nations taught by the Fathers of Modern Economies. Mr. Blaine says:

"The value of the sugar we annually consume is enormous. Shall we pay for it all in cash, or shall we seek a reciprocal arrangement by which a large part of it may be paid for in pork and beef and flour, in lumber and salt and iron, in shoes and calico and furniture, and a thousand other things? In short, shall we pay for it all in cash, or try friendly barter in part? I think the latter mode is the highest form of protection and the best way to promote trade."

"If this be protection, in Heaven's name what is free trade? But Mr. Blaine is not satisfied with this draught of free trade poured out of a bottle labeled 'protection.' He goes on to rub in the lotion vigorously. Thus:

"I address this note to you, as I did my first, because you have taken an active and most intelligent interest in the increase of our trade with South America. When shall we enlarge our commercial intercourse with that great continent if we do not now make a beginning? If we now give away the duty on sugar (as we have already given away the duties on coffee and hides and rubber) and get nothing in exchange, which shall be profitable to the farm or the factory of the United States, what shall be our justification for the policy?"

"These be brave and true words. They are applicable not alone to South America, but to the world. Our greatest rival is England. Remove the obstructions, give our manufactures cheaper processes through the medium of free raw materials and we can meet and beat England in every neutral market on earth, driving all competitors out of those markets that geographically belong to us, such as Mexico, and Central and South America."

"But Mr. Blaine, still not satisfied with a single application of his massage free trade liniment, takes a second draught from his oriental economic free trade liniment in the following:

"You have recently received congratulations—in which I cordially join—on carrying the shipping bill through the Senate. Do you not think that a line of ships, generously aided by the Government, will have a better prospect for profit and for permanence if we can give to them outward cargoes from the United States and not confine them to inward cargoes from Latin America?"

"How like a leader out of the Courier-Journal of ten years ago? Verily, our own words! Yes, indeed, Mr. Blaine, and three times again! If you can give them outward, as well as inward, cargoes they will be much more profitable and permanent. You are in truth, Mr. Secretary, a very Daniel come to judgment! We salute you."

## WARNING TO DEMOCRATS.

Republicans Putting Money Into the Campaign Against Longmoor For Appellate Clerk.

LAWRENCEBURG, Ky., July 26.—[Courier-Journal special.] Mr. John Smith, a citizen of this county, has received a letter from W. J. Landram, Chairman of the Republican State Central Committee, which discloses the scheme of that party for a "still hunt" in the pending campaign and displays the ruling passion of the g. o. p. for "frying fat" out of the faithful.

But General Landram evidently gets "the wrong sow by the ear" in this case, for John T. Smith is a staunch Democrat, and the "legitimate expenses" will not be appreciably met by a contribution from him. The letter is as follows:

LANCASTER, JULY 23.  
John T. Smith, Alton—My Dear Sir: The State Central Committee is carrying on the contest for Clerk of the Court of Appeals with a depleted treasury, and therefore needs the assistance of the party throughout the State to enable it to meet the legitimate and necessary expenses in advancing the work. We are sure to win if the Republican vote will come out.

Please send me at Lancaster, Ky., a contribution to be used for the purpose indicated. Very respectfully,  
W. J. LANDRAM, Chairman.

# "A Ground-Hog Case."

A boy was digging with an old hoe, as if for dear life, in an embankment at the roadside. A passing traveler, seeing the energy and earnestness of the boy, called to him, "What are you doing there, my lad?" Without losing a lick or looking up, "Diggin' fur a groun' hog" was answered. "Well, you will never get him at that rate," said the man. The boy, working on, replied, "The preacher's a comin' to our house to dinner, an' we've got to hev meat, an' I must git that 'ar groun'-hog." This is the origin of "it's a ground-hog case."

Now it is a "ground-hog case" with us in the matter of getting rid of our SUMMER FOOTWEAR, without regard to prices, that we may re-invest our means in the largest variety of Fall and Winter goods ever seen in Maysville. A BLACKSMITH SAVES THE LIFE OF A LITTLE GIRL.—Minnie Carney was perhaps as near leaving this world as anyone can be to recover. She was sick with cholera morbus, completely exhausted and unconscious. The physicians in consultation decided the case was hopeless and beyond their control. Chas. J. Newcomb, a blacksmith, walked four miles through the darkness and storm, to get a remedy he had himself used, and which he firmly believed would cure her. That medicine was Chamberlain's Colic, Cholera and Diarrhea Remedy. He obtained part of a bottle, with which he hastily returned, and gave the little sufferer a half teaspoonful, which relieved her and consciousness gradually returned. The medicine was given in broken doses, and in a short time she was well. He is positive that it saved her life, and has others in that vicinity. For sale by Power & Reynolds.

## **A NARROW ESCAPE.**

Mr. Gay Strode and Colonel Bierbower Meet With a Serious Accident While Out Driving.

Mr. L. G. Strode and Colonel F. H. Bierbower had a very narrow escape late yesterday afternoon at the first toll-gate on the Lexington pike.

Mr. Strode is a representative of the Mutual Life Insurance Company of New York and wanted to see some friend in the Washington neighborhood in regard to a policy. Procuring a horse and buggy at Messrs. Wells & Biggar's stable he started to drive out to his friend's. Colonel Bierbower was with him.

When they arrived at the first toll-gate some country wagon, loaded with coal and farm implements, was on the point of passing through on one side of the road and there was a phaeton on the other side. As the wagon passed through, some of the farm machinery caught on the pole. The noise frightened the horse Messrs. Strode and Bierbower were driving and the animal commenced backing. The next instant the buggy and occupants went over the embankment, and were followed by the horse. In going over the embankment, the animal fell backwards, landing on its head. The fall broke the horse's neck, killing it almost instantly.

Mr. Strode struck against a thorn tree and was rendered unconscious for several minutes. He sustained a number of bruises, none of them very serious, as he is able to be out this morning. Colonel Bierbower was not so fortunate, as his left ankle and knee were pretty badly sprained. He is able, however, to be on duty, as storekeeper at one of the distilleries in the West End.

The instant death of the horse no doubt saved Mr. Strode and the Colonel from more serious injury.

## **A Disgrace to the Church.**

A special from Danville says: "At the High Bridge camp meeting Sunday the crowd was enormous, at least 5,000 people being present. Two excursion trains came from the North and the same number from the South, and hundreds of people came in private vehicles, on horseback and on foot. On the camp grounds proper there was a very respectable crowd, the religious services being conducted by Rev. Dr. Boling, though few availed themselves of the opportunity to worship God, which appeared to be the least thought of. In fact, the main object of the whole affair seemed to be to make money, as on every side were lemonade stands, lunch-rooms, etc. The hand-satchel, with just room enough for a quart bottle, was also prominent.

"On the outside of the inclosure the toughest lot of men and women ever seen together on an occasion of this kind made things lively. Whisky bottles, pistols, shell games, and numerous gambling devices were openly displayed, and the behavior of prostitutes from Cincinnati and Lexington was most disgraceful. Several boys from twelve to fifteen years of age were noticed that were staggering drunk.

"One sanctimonious-looking genius had under his arm what appeared to be a handsome Bible with a gold clasp, but upon unclasping it, the "Bible" was found to contain nothing less than a pint of old bourbon. That such an institution as the High Bridge camp meeting is run under the guise of religion is a disgrace, and it is no wonder that few of the better classes go there of late years."

## Our Internal Revenue.

Operation of the Bureau for the Year Just Ended.

### A PRELIMINARY REPORT SENT IN

The Collections Show a Large Increase Over the Previous Year—Proceeding of Both Branches of Congress—Various Other Washington News.

WASHINGTON, July 30.—Hon. John W. Mason, commissioner of internal revenue, has submitted his preliminary report to the secretary of the treasury on the operations of his bureau for the fiscal year ended June 30, 1890. It shows that the total collections from all sources during the year were \$142,594,697, as against \$130,894,434 for 1889, or an increase of \$11,700,262. The cost of collecting this amount aggregated \$4,100,000, exclusive of the amount expended for printing internal revenue stamps, as against \$4,185,728 for the previous year, or a decrease of \$85,000. The percentage of the cost of collection is a fraction less than 2.9 per cent. The cost during the previous year was 3.2 per cent. Owing to the increased quantity of spirits produced, resulting in an increase of taxes collected of more than \$7,000,000, the salaries of storekeepers and the fees of gaugers, were largely in excess of the amount estimated when the appropriation was made. To meet the deficiency an additional appropriation of \$115,000 has been asked.

The receipts from spirits during the year amounted to \$81,687,375 as against \$74,312,306 during 1889, or an increase of \$7,375,069. The receipts on tobacco were \$33,958,991 against \$31,886,860, showing an increase over the last fiscal year of \$2,072,130; from fermented liquors, \$26,008,534 against \$23,723,835, or an increase of \$2,284,699. The receipts of oleomargarine show a decrease of \$107,956; from banks and bankers the receipts for 1890 aggregated \$142,594,696 against \$130,894,434 in 1889, or an increase of \$11,700,262.

A statement is appended showing the aggregate collections by the collectors of the several collection districts. The largest sum collected in any district was by the Fifth Illinois district aggregating \$22,355,689; the First district of Ohio is second with \$10,953,675; First Illinois third, \$10,371,324; followed by the Fifth Kentucky, \$8,902,796; First Missouri, \$4,586,397; Twenty-third Pennsylvania, \$3,273,635; Third New York, \$3,239,985; Sixth Kentucky, \$3,350,403; and First Pennsylvania, \$3,336,039.

The statement also gives a table of the aggregate collections in states, which places Illinois in the lead, with \$34,876,691; Kentucky second, with \$17,059,042; New York third, with \$16,224,321; Ohio fourth, with \$13,430,972; Pennsylvania, \$9,732,217; Missouri, \$8,062,294; Indiana, \$6,250,981; New Jersey, \$4,206,722; Virginia, \$3,516,195; and Wisconsin, \$3,422,653.

### House and Senate Proceedings.

WASHINGTON, July 30.—In the house yesterday a joint resolution was passed extending current appropriations to Aug. 14. Consideration of the senate amendments to the sundry civil bill was continued. Speaking to one of them, Mr. Stubble, of Iowa, attacked the course of the speaker in regard to public building bills. All of the other amendments being disposed of, it was agreed that the irrigation amendment should be considered, to-day's debate on it to be limited to four hours.

In the senate a resolution was presented and laid over, providing that the senate meet hereafter at 10 o'clock. Motions to reduce rates on asetic acid and boric acid were defeated by strict party votes. A general debate on the tariff question ensued, in which Senators Jones, of Arkansas, Gorman, Hise, Cock, Voorhees and Aldrich participated. The senate passed a joint resolution to extend current appropriations to Aug. 14.

### Postal Telegraph Service.

WASHINGTON, July 30.—The senate committee on postoffices and post roads made a favorable report yesterday on the bill prepared by the postmaster general for the establishment of a limited postal telegraph service. The only amendment made by the committee strikes out the clause which prohibits any telegraph company which enters into a contract with the government for a postal telegraph service going into the business of selling quotations.
